## CAREER HIGHLIGHTS

LEGACY MERGERS & ACQUISITIONS, Kansas City, MO, 2019 - Present

### Client Marketing/Sales Strategy Project Implementer

Display an acute ability to research, amalgamate key information, and vividly illustrate material within a complex, inclusive memorandum which positively highlights organizations for utmost selling potential. Develop innovative templates for gathering key data and streamlining processes which provide the seller with efficient resources to build an ideal presentation. Frequently engage in collaborative brainstorming to maximize productivity, efforts which have led to innovative technology utilization and documentation procedures as a continuous process improvement (CPI) mentality.

- **Contributed as a vital team player** and assisted in strengthening a high-performance organization to produce top-notch service which **successfully aligned with the overall vision.**
- **Realized an increase in business sales and an influx of praise for marketing project executions** due to the benefits of the professional memorandum as the initial document in creating discussion for the potential sale at hand.

KANSAS CITY POLICE DEPARTMENT, Kansas City, MO, 2005 - Present

### Police Officer/Detective/Investigator

Initially hired as a Patrol Officer due to demonstrated aptitude in cohesive teamwork and display of critical thinking within intense scenarios. Promoted to position of Vehicular Crash Investigator, collaborating with an elite team of officers to handle all investigative aspects related to serious injury and fatality crashes. Work within the Traffic Investigations team to assist fellow law enforcement professionals in preparing cases and providing state prosecutors with information to establish criminal charges. Utilize professional training to deduct valid explanations and reliable theories in the face of complex accidents. Deliver sound, effective solutions with integrity and a tireless dedication to accomplishing goals.

- **Responded expediently to unique and differentiated scenes** and collaborated effectively with community leaders to **solve complex problems and reach the root of the problem while identifying underlying difficulties.**
- **Acknowledged as the sole representative and resident expert** regarding crash investigations, answering questions from prosecutors and testifying as a SME within court settings and civil litigation scenarios.
- **Realized enormous success and effectiveness in systematically providing solutions** for members of the community stuck in difficult dilemmas and requiring strategic action to progress toward a reachable goal.
- Served as point of collaboration and **conduit in connecting the problematic situation with an optimal solution** which proved paramount in **avoiding a quick-fix scenario and reaching, instead, for long-term success.**
- Collaborated with the Traffic Investigations team in **assessing 70-100 accident related cases each year.**
- **Yielded accurate research in the 35+ page reports** following an accident which delivered an explanation of specific crash dynamics to better understand criminal liability and the physics-based logistics of the incident.
- **Exercised technical aptitude in the frequent use of a wide range of software and computer programs** including CAD-style software, TOTAL station mapping, vehicle data software imaging, and more.
- Received multiple division "coins" for **exemplary efforts in providing care for citizens/community leaders.**
- **Maintained superior work ethic and upheld training requirements** while completing MBA and DBA programs.
- **Spearheaded strategic planning and resource allocation** for individuals and businesses needing assistance with idea generation and implementation.

## CAREER HIGHLIGHTS CONTINUED

VINEYARD CHURCH, Kansas City, MO, 2015 - 2017

### Pastoral Internship

Invited for an internship within the Small Groups division which targeted both academic and applicational accomplishments and growth. Developed further knowledge in the operational aspects of not-for-profit business frameworks. Recruited, trained, and developed leaders who realized growth in their respective small group gatherings. Established training courses and materials through use of technology applications and large-scale speaking presentations in addition to one-on-one coaching sessions. Spearheaded the full development and implementation of an online program which aligned with the overall mission of Vineyard and utilized existing technical platforms to equip small group leaders with videos and training materials as well as follow-up coaching opportunities, a successful and sustainable effort which infused a continuous process improvement mindset to identify and solve emerging issues.

- ▣ **Produced consistent results in communicative collaboration** when addressing struggles within the Church by **influencing functional conflict skills to establish agreeable scenarios of understanding and growth.**
- ▣ **Served as a primary developer** for a new campus by creating a small groups program which **strategically connected individuals with both prepared leaders and engaging materials.**
- ▣ **Directed operations through use of engaged research** on trending practices and applications which would best fit unique small group scenarios, **resulting in explosive growth in member participation and organization.**
- ▣ **Realized substantial, long-term results** by identifying, training, empowering, and coaching successful leaders who now reproduce impressive skills by cycling new leaders through the Church.
- ▣ **Cultivated** engaging atmospheres through vibrant public speaking presentations and **creative learning initiatives.**
- ▣ **Developed effective, customized systems** with high performance teams to engage a core Church vision with consistent holistic growth each week.
